Sierra Leone Football Association President Thomas Brima (EN):

“Since the launching of female football, we have played major tournaments. As a matter of fact, we just came back from the WAFU [West African Football Union]. It’s challenging, but we are making progress in that direction.”

Sierra Leone Football Association President Thomas Brima (EN):

“We are working with the Forward [Programme] Funds to develop infrastructure and the good thing is that, I’ve just got the confirmation, FIFA is going to help us with infrastructure, through the Forward Funds. On our end, we are trying to play whatever tournaments we can. Last year, we played all FIFA- and CAF-sanctioned tournaments. That is to say, we are making moves in the right direction.”
